XV International Symposium on Computers in Education

Viseu, Portugal | 13 - 15 november 2013

Overview

The 15th edition of the International Symposium on Computers in Education (SIIIE) will be held in Viseu, Portugal, from 13 to 15 November 2013.

The **International Symposium on Computers in Education** (SIIIE) is an international forum for presenting, discussing and reflecting on research, development and practices in the field of Information and Communications Technology (ICT) in Education.

The previous editions were held alternately between Spain and Portugal, providing a space for researchers, educators and institutional representatives to exchange and debate ideas. SIIIE has become a reference, particularly in the Ibero-American context.

Topics

The 15th edition of SIIIE encourages the submission of original contributions in English (preferred), Spanish or Portuguese in various areas including, but not limited to, the following:

- Design, development and evaluation of educational software
- Interaction Design for education
- Design and standardization of educational technologies, modelling languages and metadata
- Data mining and Web mining for education
- Semantic Web in education
- Intelligent educational systems
- Personal learning environments
- Tools and Web-based educational resources
- Games and simulations in education
- Virtual laboratories
- Ubiquitous/mobile computing and education
- Robotics and education
- Free/Open Software, Open Knowledge and Open Educational Resources

Dates

Submission deadline has been extended to June 30, 2013

29/7/2013

Review results sent out

9/9/2013

Submission of final version of accepted proposals

1/10/2013

Deadline for registration of authors of accepted papers

13/11/2013

SIIE 2013 begins

Emerging Researchers Bursaries

SIIE 2013 has decided to offer financial support for two emerging researchers from low GDP European countries to enable their participation.

The bursary consists of free entry to the SIIE (and social events), a 300 € travel bursary and free accommodation (Students' Residence).

The bursary is for PhD students and new researchers within one year of completing their PhD in order to allow them to participate in SIIE 2013 in Viseu.

Registration

For registrations paid until October 1, 2013

Registration fee: **150 €**

For registrations paid after October 1, 2013

Registration fee: **180 €**
